The SigenStor 600kW / 1296kWh Container Solution is a fully engineered, large-scale energy system designed for commercial, industrial, and utility applications.

The semi-mobile solar solution for your 6 months to 10 years projects. The Mobil-Grid ® is an ISO-standard, CSC-approved maritime container that ...

We have developed a 600kWh 1MW Battery Energy Storage System (BESS) that is designed to be cost-effective and easy to install for on-grid, off-grid, ...

We have developed a 600kWh 1MW Battery Energy Storage System (BESS) that is designed to be cost-effective and easy to install for on-grid, off-grid, or hybrid commercial/industrial energy ...

Our containerized energy solution offers notable economic and practical advantages: Minimal civil and site work costs, with system setup requiring only open flat ground and no ground penetration

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Our containerized energy solution offers notable economic and practical advantages: Minimal civil and site work costs, with system setup requiring ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

600KW energy battery storage container can be integrated ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada ...
