-----

A new 2-MW data center in the heart of Bangkok's business district could be powered by regasified liquid natural gas (LNG) to create district cooling energy in its version of a lower ...

Competitive Strategy: This report crafts a strong competitive strategy tailored to the APAC liquid cooling market for stationary battery energy storage system (BESS).

The Company provides cutting-edge solar and storage solutions, including the competitive 1+X Modular Inverter and its liquid ...

The liquid-cooled energy storage system integrates the energy storage converter, high-voltage control box, water cooling system, fire safety system, and 8 liquid-cooled battery packs into ...

As one of the largest private power producers in Thailand, renewable energy generation is one of GULF's main business. In this cooperation, Sungrow will provide its industry-leading ...

At the booth, Mr. Kittisak introduced the new Delta LFP Battery Container, designed for grid-scale and medium to large-scale industrial energy storage applications.

Sungrow's latest innovation, the PowerTitan 2.0 Battery Energy Storage System (BESS), combines liquid-cooled technology with advanced power electronics and grid support ...

Notably, the most advanced liquid-cooled energy storage system will be applied, which can significantly save the delivery and installation costs, and prolong the overall life of ...

The Company provides cutting-edge solar and storage solutions, including the competitive 1+X Modular Inverter and its liquid cooled energy storage system (ESS) PowerTitan.

SolaX is proud to introduce the TRENE Liquid-Cooling Energy Storage System, a groundbreaking solution that combines 125kW of power output with a high-capacity 261kWh energy reserve, ...
