The project features PowerTitan liquid cooling and control systems from Chinese battery manufacturer Sungrow. Developer Atlas Renewable Energy says its project can ...

ENGIE obtained approval from the National Electricity Coordinator (CEN) to start commercial operation of BESS Coya, the largest battery energy storage system in Latin America to date.

Andesvolt is a Chilean manufacturer that specializes in Battery Energy Storage Systems (BESS) using lithium-ion batteries, designed for applications such as backup power and renewable ...

The Chinese battery manufacturer will provide more than 220 of its EnerX BESS containers, featuring over 7,100 lithium iron phosphate (LFP) lithium-ion (Li-ion) battery modules.

New utility-scale renewable and PMGE assets in Chile (most of which are distributed solar plants smaller than 9 MW) will likely all have storage components moving ...

Three utility scale battery energy storage projects co-located with solar plants were announced last week in Chile. Enel is building a 67 MW/134 MWh battery, while CJR ...

To address these issues, AES Chile, a prominent energy company with a commitment to sustainability, partnered with Hitachi Energy, renowned for its expertise in renewable energy ...

e-STORAGE has secured a turnkey EPC contract to supply a 98 MW/312 MWh DC Battery Energy Storage System (BESS) to the Huatacondo project in Chile.

AES is the world leader in lithium-ion-based energy storage, both through our business project and joint venture, Fluence. We pioneered the technology over one decade ago, and today ...

In March 2024, BESS Coya, the largest battery-based energy storage system in Latin America, started operations. The facility is located in the Antofagasta region and has a ...
