Where are Grupa lights made?

All Grupa-made products are manufactured and assembled in Croatia, most of them in a time-tested lighting factory established in 1960. Working in the lighting industry for more than six decades, the factory's top quality workmanship and priceless tradition result in products recognized by customers and users worldwide.

Who is Luminis lighting company?

Luminis company is founded in 1992, in the town of Rijeka, Croatia and it has been professionally active in the field of lighting design for over 20 years. Luminis performs all tasks involving the lighting, develops projects, supplies and installs lighting and if necessary implements electrical works.

What happened to Grupa lighting?

In 2012 Grupa reached a new milestone as they stepped out of the design role and went into manufacturing, launching a line of their own Grupa-designed lighting products which blend their design philosophy, heritage, and the tradition of handmade techniques honed by local craftsmen.

What types of lighting products are available?

From residential spaces and commercial buildings to industrial facilities and public spaces, our products are designed to provide efficient and high-quality lighting for every situation. Our range includes LED bulbs, strips, spotlights, panels, tubes and more.
