How much does a curtain wall cost in the UK?

The average cost of a curtain walling system in the UK is less than £100 per square meter, making it a cost-effective way of adding an attractive feature to your property. Before getting started, you must consider several things if you're planning to install a new curtain wall at your home or building structure.

Why do curtain wall systems cost so much?

The size and dimensions of the curtain wall system play a crucial role in determining the price. Larger systems require more materials, increased fabrication time, and specialized transportation. Additionally, oversized glass panels may need additional support and engineering considerations, resulting in higher costs.

How much does a curtain wall installation cost?

Keep in mind that this is only an estimate, and actual costs may vary depending on the specific circumstances of your project. For a typical low-rise building of 2-4 stories, the cost of a curtain wall installation ranges from \$75 to \$150 per square foot. For a mid-rise building of 5-10 stories, the cost ranges from \$150 to \$250 per square foot.

How do I get accurate price quotes for a curtain wall system?

To obtain accurate price quotes for a curtain wall system, it is essential to provide detailed project specifications, including design drawings, material preferences, performance requirements, and project timeline. This information will enable suppliers and contractors to provide comprehensive and accurate cost estimates.
