Are container-selling companies a safe investment?

In fact, with global supply issues and increases in demand for container homes and other non-commercial use, demand for shipping containers is only going up. That means container-selling companies are a safe investment, providing you invest in marketing and sales. Here is the process for selling shipping containers:

Why are iicl containers so rare?

IICL containers can be quite rare as shipping lines and international container leasing companies like us have little reason to sell off this grade of container from their long-term rental fleets. Cargo Worthy (CWO) containers are currently being used to transport cargo domestically or overseas.

How can container auction help you sell shipping containers?

ContainerAuction.com can help you sell your shipping containers by listing them for sale on the auction. This is a quick and simple process that offers many benefits, including providing you with more bidders from more places.

Why should you buy a used container?

Reduce waste with high-quality used containers. Save 30-70% on storage and transport. Tailor containers to your exact needs. Trusted since 2006 with over 4 million containers sold. Wide selection with flexible shipping and payment options. Reduce waste with high-quality used containers. Save 30-70% on storage and transport.
