Who makes solar panels in Armenia?

Solaron is the first manufacturer of solar panels in Armenia, which annual production capacity reaches about 60 megawatts. Brand "Solaron" is a registered trademark for products manufactured by Profpanel. In Solaron Company merged a team of highly qualified professionals with many years of experience in the business organization from scratch.

Are solar panels legal in Armenia?

Consumers are allowed to install solar panels with total power of up to 150 kW, and may sell any surplus to electricity distribution company Electric Networks of Armenia (ENA). In Armenia, solar thermal collectors, or water-heaters, are produced in standard sizes (1.38-4.12 square meters).

Where is Solaron available in Armenia?

Solaron's services are available throughout all regions of Armenia. Solaron is the first manufacturer of solar panels in Armenia, which annual production capacity reaches about 60 megawatts. Brand "Solaron" is a registered trademark for products manufactured by Profpanel.

Does Armenia need a solar power plant?

In 2019, the European Union announced plans to assist Armenia towards developing its solar power capacity. The initiative has supported the construction of a power plant with 4,000 solar panels located in Gladzor. Solar power potential in Armenia is 8 GW according to the Eurasian Development Bank.

Explore the risks & opportunities of solar panel manufacturing in Armenia. Our 2024 guide covers political, economic, & operational challenges for investors.

It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. It builds a product ecosystem centered on solar inverters, charge ...

Residential Products List covers all household photovoltaic products, including inverters, energy storage, optimizers, controllers and other household photovoltaic-related product series.

Photovoltaic module purchase price On 11 March 2025, the results of the China Datang Group's 2025-2026 PV module framework purchase tender were announced, with the spot price of n ...

List of Armenian solar panel installers - showing companies in Armenia that undertake solar panel installation,

including rooftop and standalone solar systems.

OverviewPhotovoltaicsPotentialThermal solarSee alsoExternal linksAs of April 2019 ten 1 MW strong solar stations are installed. Solar and wind stations account for less than 1% of total installed electricity generation capacities. In April 2019 it was announced that German company Das Enteria Solarkraftwerk will build a 2 MW strong solar station near Shorzha at lake Sevan by end of 2020.

Consumers are allowed to install solar panels with total power of up to 150 kW, and may sell any surplus to electricity distribution company Electric Networks of Armenia (ENA).

Our company has implemented many successful projects, which is proved by 100% satisfaction of our customers and the 0% failure rate of installed solar PV systems for more than 5 years of ...

GCL Solar N-type 595W Bifacial Solar Panel GCL-NT10/72GDF-595W GCL Solar N-type 615W Bifacial Solar Panel GCL-NT12R/66GDF-615W GCL Solar N-type 620W Bifacial Solar Panel ...

With our monofacial and bifacial N-type products, we offer high-efficiency solar modules for residential, commercial, and utility-scale markets. Whether you want to lower your electricity ...
