Jamaica is set to build its largest solar park, an ambitious project that initially targets 92 MW of capacity and combines solar energy generation with integrated energy storage.

Jamaica Public Service Solar Plant (Planta Solar Jamaica Public Service) is a shelved solar photovoltaic (PV) farm in Clarendon, Middlesex County, Jamaica.

InterEnergy Group, a leader in clean energy solutions in the Caribbean and Latin America, has announced the acquisition of the Paradise Park solar plant from Eight Rivers ...

This map presents the results of a study to identify suitable sites for utility and distributed-scale solar PV and wind technologies across the island of Jamaica.

A new chapter begins in Jamaica's renewable energy story as InterEnergy Group finalizes its acquisition of the Paradise Park solar ...

The Project consists of the design, construction, commissioning, and operation of a 50 MWp solar photovoltaic power plant to be located in Trelawny, Jamaica (the "Project").

This guide provides a practical due-diligence framework for investors evaluating Jamaica as a location for a solar module manufacturing facility, outlining the critical criteria to ...

Located in Paradise, Westmoreland, the facility sits as Jamaica's largest photovoltaic (PV) power plant and was previously part of the portfolios of NEOEN and MPC ...

A new chapter begins in Jamaica's renewable energy story as InterEnergy Group finalizes its acquisition of the Paradise Park solar facility in Westmoreland -- the island's ...

So far, we have conducted calculations to evaluate the solar photovoltaic (PV) potential in 19 locations across Jamaica. This analysis provides insights into each ...
