Qair announces the closing of a new loan to support the implementation of a hybrid solar and battery storage project in Mauritius.

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid ...

With integrated battery storage, the facilities are expected to deliver a consistent energy output for at least 12 hours a day, mitigating ...

The meeting focused on the progress of Qair's innovative STOR"SUN projects facilitated by the EDB. These hybrid plants integrate ...

French independent power producer Qair has closed a financing agreement with SBM Bank (Mauritius) Ltd to support the development of its 60-megawatt (MW) Stor"Sun ...

According to Qair, the projects were awarded in 2023 as part of four hybrid solar plus BESS developments totaling 60 MW AC, marking one of the country's largest energy ...

The meeting focused on the progress of Qair's innovative STOR"SUN projects facilitated by the EDB. These hybrid plants integrate photovoltaic panels (PV) with battery ...

With integrated battery storage, the facilities are expected to deliver a consistent energy output for at least 12 hours a day, mitigating the intermittency challenges associated ...

According to the Minister, energy storage is a key component of the national energy strategy, and the 20 MW of batteries acquired this year will be connected to the grid by June ...

The Stor"Sun photovoltaic farms will be equipped with large-scale battery energy storage systems (BESS) designed to stabilise the national grid. Once operational, they will ...
