Merus's Energy Storage System is a scalable lithium-ion battery energy storage system fully designed by Merus Power. We provide end-to-end turnkey BESS solutions across the Nordics, ...

This comprehensive guide breaks down the key differences between uninterruptible power supplies (UPS) and battery energy storage systems (BESS). We explain their functions, ...

This white paper explores two important technologies in this domain: Uninterruptible Power Supply (UPS) systems and Battery Energy Storage Systems (BESS).

BESS will have a large impact on energy systems in the Nordics, helping the move toward carbon neutrality. However, ignoring the specific needs for BESS installations in ...

Chinese energy storage specialist Hithium has signed a major supply deal with Norway-based EPC contractor Bertel O. Steen Power Solutions (BOS Power) to deliver 3 ...

An uninterruptible power supply (UPS) or uninterruptible power source is an electrical apparatus that provides emergency power to a load when the input power source or mains power fails.

BOS Power is a leading Nordic provider of Energy Storage Systems (ESS), emergency power and marine propulsion solutions. As a turnkey EPC partner, we deliver ...

Nidec ASI, part of the Motion & Energy Division of the Nidec Group, has just signed an agreement with Neoen, the leading independent producer of renewable energy in France, ...

While the BESS can start up quickly, it is not instant and there will be a brief voltage supply disruption during startup. As a precaution, the system will require a separate UPS to ...

Hithium and system integrator BOS Power have signed a supply agreement for 3GWh of BESS deployments in the Nordic region.
