Who is solarnordics?

SolarNordics is a brand within the German company Strategica GmbH, focusing on expanding the footprint of solar generated renewable energy in the Nordic market. The main segment within the solar industry, where SolarNordics sells and distributes solar equipment, are focused on solar panels, battery and power stations and inverters.

Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

Where is Nordic solar launching its first battery energy storage system?

Yesterday, Nordic Solar officially inaugurated its first battery energy storage system (BESS) park in Denmark. The facility, located in Borup in the Municipality of Hillerød, marks a great milestone in the company's strategy to integrate battery storage into its portfolio of solar energy projects across Europe.

How does solarnordics sell & distribute solar equipment?

The main segment within the solar industry, where SolarNordics sells and distributes solar equipment, are focused on solar panels, battery and power stations and inverters. SolarNordics distributes and sells through our website, but also through our direct sales team through a B to B sales motion

Learn how to choose the right solar inverter manufacturer, focusing on quality, support, and innovation to meet your energy demands.

SolarNordics is a brand within the German company Strategica GmbH, focusing on expanding the footprint of solar generated renewable energy in the Nordic market.

As of 2024, Nordic held 1.5% of the global Solar Inverter Market size. By 2033, United States is anticipated to capture the largest share of the global Solar Inverter Market.

We are a Danish solar energy company headquartered in Copenhagen. We develop, construct, and operate utility-scale solar parks across Europe on our mission to make everyone benefit ...
