What are solar roof tiles?

Like solar panels, solar roof tiles are designed to capture the energy from the sun that is shining on your roof and turn that energy into a usable power source for your home.

What is the Praia porcelain tile collection?

The Praia Porcelain Tile Collection is a series of softly-hued porcelain tiles featuring creams, grays, and a white marble-look. These matte finish tiles are impressively durable and maintenance-free, making them suitable for floors, accent walls, showers, and backsplashes.

What are the available sizes for Praia tiles?

Available in 2x2, 12x24, and large format 24x48 tile, Praia is perfect for giving your kitchen, bathroom, office, or other space a cohesive look that wows. Impressively durable and maintenance-free, these matte finish porcelain tiles make a signature statement on floors, accent walls, showers, and backsplashes.

What is solar tile?

Solar tile, which combines solar panels and roof tiles, integrates photovoltaic and architecture. Crystal silicon photovoltaic technology and building tile structure are innovated to eliminate the complex project of secondary installation and replace traditional cement tiles and clay tiles with one-time paving.
