-----

"A price on" connotes "a price set/levied on" (probably not the actual words) and is more seller-orientated. "The price for" is nuanced less towards the involvement of the seller, ...

The communication base station installs solar panels outdoors, and adds MPPT solar controllers and other equipment in the computer room. The power generated by solar energy is used by ...

The price of tea in China, at that time, indeed affected a great deal of economic activity, and was thus relevant to quite a few topics (even though the relevance may not have ...

Recent technological progress in low consumption base stations and satellite systems allow them to use solar energy as the only source of power supply, and to minimize satellite backhaul costs.

Price point means a point on a scale of possible prices at which something might be marketed; its meaning is different from the meaning of price, which is (principally, but not only) ...

The wikipedia article on pricing covers several of the factors involved in pricing strategies and setting. Alternately, "pricing" can be a verb meaning to apply or determine a price, as in "I'm ...

The preposition "OF" is used here to indicate that the price belongs to/is used in relation with prices of spare parts. Now, the definition of "FOR" as a preposition- For Used to ...

While solar energy is transforming communication base stations, there are still challenges to overcome. Variability in sunlight, ...

While solar energy is transforming communication base stations, there are still challenges to overcome. Variability in sunlight, initial setup costs, and maintaining battery ...

Communication base stations are widely used in rural areas, and yet often face power supply issues. This is
