ContourGlobal Quillagua solar-plus-storage plant begins operations, boosting Chile's grid stability and clean nighttime energy delivery.

The Quillagua solar-plus-storage installation, located in Chile's Antofagasta region, is a 221-MW solar photovoltaic plant with 1.2 GWh of battery energy storage.

Chile's Quillagua site saw the inauguration of Latin America's largest photovoltaic plant with battery storage.

The capacity will be for the Oasis de Atacama solar-plus-storage project in Chile, which is the "world's largest energy storage" project with a total 11GWh of battery capacity and ...

The capacity will be for the Oasis de Atacama solar-plus-storage project in Chile, which is the "world's largest energy storage" ...

The Desert BESS plant can store up to 800 MWh of solar energy to be injected into the Chilean power grid during times of high electricity demand. All 320 storage batteries ...

The site, the first solar-plus-storage project built from scratch by Engie Chile, will feature 208 lithium-ion battery containers.

There is a place in Chile's Atacama Desert where the power of the sun never seems to set. It is the Quillagua photovoltaic power plant, officially inaugurated on 8 April in ...

The first two phases of Oasis de Atacama, the largest solar power and energy storage project in Latin America, have come on stream in Chile's Antofagasta Region.

The Quillagua solar-plus-storage installation, located in Chile's Antofagasta region, is a 221-MW solar photovoltaic plant with 1.2 GWh of ...
