Our main products include lithium battery packs, residential hybrid inverters, C& I hybrid inverters, all-in-one ESS cabinets and container ESS. We manufacture the innovation and reliability.

Our main products include lithium battery packs, residential ...

Advanced fire suppression systems, both at the module and container levels, ensure multi-layered protection, while the IP54-rated cabinet guarantees reliable operation in harsh environments.

Power stations and mobile solar panels are often used outdoors, where they are exposed to dust, rain and varying temperatures. ...

With IP54 ruggedness, scalable LFP battery systems, and hybrid inverter capabilities, these all-in-one solutions deliver reliability, sustainability, and cost savings--whether for daily operations, ...

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

The company holds core patents for new battery power materials, technologies, and structures, and has led and participated in the development of numerous industry standards.
