Who is connected switchgear?

Connected Switchgear is a proud Australian owned and operated electrical supplier with an established reputation throughout Australia and the Asia Pacific region for manufacturing the finest domestic, commercial and industrial light switches, power points, circuit breakers, RCDs, 3 phase and industrial switchgear products.

Why should you buy connected switchgear?

**WHY BUY CONNECTED SWITCHGEAR?** Connected Switchgear is a 100% Australian owned and operated electrical manufacturer and supplier. This means that we have an intimate knowledge of the electrical industry in Australia. We also have a clear understanding of what the discerning electrical contractor requires from trusted quality electrical products.

What voltages can a modular switchboard handle?

High Current, custom welded, and propriety modular switchboards and control assemblies up to 5000A. Voltages from 240 V AC up to 1000 V AC. We also have the ability, and are approved to manufacture proprietary modular assemblies, both fixed and demountable, up to 3500 Amp, Type tested to 80kA for 1 second.

We provide new, near new and refurbished power transformers, switchgear, substations, mining and tunnelling cables and cable hangers.
