The Ecos PowerCube<sup>®</sup>; is a patented, solar power station that uses the power of the sun to provide energy, communications, and clean water to the most remote, off-grid locations.

Portable solar containers fill the gap for power generation and in-the-field use. Solar containers provide a complete package of power ...

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.

EK-SG-R01 is a large outdoor base station with large capacity and modular design. This series of products can integrate photovoltaic and wind clean energy, energy storage batteries, and ...

The BoxPower MiniBox is a pre-engineered solar power station, prefabricated inside a 4' x 8' palletized enclosure. All energy systems are equipped with a solar array, batteries, inverters, ...

Unlike traditional generators, they produce no emissions and require minimal maintenance once installed. We also include a generator ...

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and ...

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Communication container station energy storage systems (HJ-SG-R01) Product Features. Supports Multiple Green Energy Sources Integrates solar, wind power, diesel generators, and ...

Portable solar containers fill the gap for power generation and in-the-field use. Solar containers provide a complete package of power generation with military-grade robust ...
