Can Australia help secure Tonga's outer island energy needs?

Australia also has a long history of engagement in relation to helping secure Tonga's outer island energy needs. In the early 2000s, Australia funded the Ha'apai Outer Islands Electrification project (HOIEP), which involved the installation of diesel-powered generators and electrical reticulation on four islands in the Ha'apai group.

How many people have access to electricity in Tonga?

This means that little more than 30,000 people are spread across 35 islands, presenting acute issues in terms of the provision of modern infrastructure. At OIREP commencement, the ADB estimated that 89% of all households across Tonga had access to electricity.

How much does electricity cost in Tonga?

According to UK-based aggregate website Cable, Tonga's electricity is the 13th most expensive in the world, at an average cost of USD 0.35 per kilowatt hour (kWh).

Why did OIREP work with Tonga Power Limited?

OIREP's on-grid work was always a matter of laying the foundations for further investment in renewables and enjoyed the ease of working through one implementing partner - Tonga Power Limited - who were incentivised to help ensure the program succeeded given they will manage all on-grid assets post-project.

Tonga is making tangible progress toward its renewable energy targets with the rollout of solar-powered mini-grid systems across its outer islands, in a bold move to reduce its ...

With Tonga aiming to achieve 70% renewable energy by 2025, this solar energy storage tender represents a critical step toward energy independence. The island nation currently relies on ...

MATATOFA, TOFOA (25th October 2022) -- The special event today marks the official opening of Tonga's first ever large-scale Battery Energy Storage Systems (BESS) by the Guest of Honor ...

A special event today marks the official opening of Tonga's first ever large-scale Battery Energy Storage Systems (BESS) by the Prime Minister Hon. Hu"akavameiliku. The two Battery Energy ...

This review of the Tonga Outer Island Renewable Energy Project (OIREP) was commissioned by the Australian High Commission to Tonga. The review was led by Scott Rankin, with support ...

Tonga Energy Road Map 2010 launched as a 10-year plan focused on reducing Tonga's vulnerability to oil price fluctuations and improving access to modern energy services, and ...

Learn how local solar manufacturing aligns with the Tonga Energy Road Map. A strategic opportunity to boost energy security, create jobs, and build resilience.

Tonga is making tangible progress toward its renewable energy targets with the rollout of solar-powered mini-grid systems across ...

Following the completion of the Tonga Energy Road Map (TERM) 2010-2020 the TERMPLUS 2021-2035 lays out the key targets, approaches and prioritised actions needed to decrease ...

Both need solar energy storage solutions - but for wildly different reasons. Bloemfontein aims to power its growing urban centers, while Tonga seeks energy ...
